

Changes to the 1033 Program

When the budget for Fiscal Years 2007-2009 passed, there were some changes implemented into the 1033 Program.

1. To participate in the Program, each LEA will be required to pay a \$500 annual enrollment fee.
2. Any freight charges incurred on incoming equipment will need to be paid for by the LEA.

Please call us with any questions regarding these changes.
